

The Housing e-Academy

A Division of Virtual College

Who are We?

The Housing e-Academy began in 2006 when our founder member, Incommunities, approached Virtual College to make housing specific e-learning courses. Our membership has grown and we can now count both Housing Associations and ALMOs of varying sizes as members across the UK.

Our Aim

Our aim is to improve the education and training process for individuals and organisations that work within, or provide support to, the Housing sector. Our prime focus is to make strategic use of online solutions to help enhance the traditional approach to education and training. These solutions will be developed in cooperation with the Academy's members to ensure that they meet the required legislation and standards.

Our Structure

Virtual College, who are one of the UK's leading e-learning pioneers, provide the technology and support together with a Learning Management System (LMS). Members of the Housing e-Academy are primarily drawn from the Social Housing sector and include Housing Associations and ALMOs. The e-Academy provides an opportunity to complement your traditional face-to-face delivery, by providing access to an excellent range of e-learning resources via a LMS. Geographical restrictions are therefore removed and consistency of both learning materials and assessment is ensured.

Our Services

We now provide memberships for Staff Training, Board Member Training, Tenant Training and Contractor Training as well as providing Memberships for individuals via Professional Individual Membership of My Tenant Plus Membership.

The Housing e-Academy Team

Introducing the Housing e-Academy Team...

Chloe Weatherhead - Head of the Housing e-Academy

Naomi Hepworth - Account Manager

Emily French - Member Support Administrator
